

## MINNIE ASHLEY WEDS CHANLER?

Her Mother Tells Friend of Marriage, but Actress Herself Refuses to Say Anything About It.

The mother of Minnie Ashley, the actress, has announced to a friend of the family that her daughter and William Astor Chanler, ex-Congressman, were married in Boston on Sunday and that they are now living at the actress's summer home at Great Neck, L. I.

When asked about the report to-day the actress, who was seen at Great Neck, begged to be excused from talking. When asked if she would deny or affirm the statement her mother had made she declared she "really had nothing to say."

Members of the Great Neck colony say that Mr. Chanler has been at the Ashley home several days, and that it was the common belief there that the great-grandson of John Jacob Astor had married the comic opera star.

Lewis Stuyvesant Chanler, brother of the former Congressman, who is living at Tuxedo Park, denies any knowledge of the reported marriage. He said that if his brother had married the actress he knew nothing about it.

William Astor Chanler is a son of the late John Winthrop Chanler, a grand-son of John Jacob Astor. He was born in Newport in 1867. After he was graduated from Harvard, in 1887, he travelled abroad, visiting Africa, and later fitting out an expedition party. He went into Africa at Zanzibar and came out at Cairo, having discovered a new country and a new tribe. He was made a fellow of the Royal Geographical Society of England and of the Imperial and Royal Institute of Vienna for his achievements.

He later became interested in politics, and in 1897 was elected to the Legislature from the Fifth Assembly District, running on the Tammany ticket. He went to the front in the Spanish-American war. He fought at San Juan. He received special commendation from Gen. Shafter and was commissioned captain. He served as Congressman from the Fourteenth District from 1899 to 1901, being elected over Lemuel Ely Quaker.

Mr. Chanler is the author of "Through Jungle and Desert: Travels in East Africa." He is a member of the Knickerbocker, Racquet and Tennis, Union, Players, Colonial, Turf and Field and Manhattan clubs, the St. Nicholas and American Geographical societies and the Lambs.

Miss Ashley is a well-known actress. "San Toy" and "The Country Girl" are among recent comic operas in which she has appeared.

Protection League for England. LONDON, May 15.—James Lowther presided last night at a meeting of members of the House of Commons and others, at which resolutions were adopted in favor of forming a league to agitate in favor of a protective tariff.

## CORONERS SUSPEND DR. ALBERT T. WESTON

They Lay the Physician Off Because He Took His Vacation Against Board's Orders.

The Board of Coroners to-day summarily suspended Coroner's Physician Albert T. Weston for being absent without leave. The members of the Board present at the meeting when this action was taken were Coroners Jackson, Goldenkrantz and Scholer. Coroner Brown, who is a friend of Dr. Weston, was absent.

A short time ago Dr. Weston informed the Board of Coroners that he intended to take his vacation. They refused their consent, but he went just the same. The action taken to-day was decided upon after District-Attorney Jerome had sent for Dr. Weston yesterday to attend the trial of a case in which he was the chief witness.

### BEWARE OF PNEUMONIA.

If you want to avoid pneumonia at this season of the year don't wear light clothing. This is the advice given by Dr. C. J. Burke, of the Health Department.

"During the last few weeks there has been quite an increase in the number of pneumonia cases," said Dr. Burke to-day. "In Chicago an epidemic is raging. Most of the cases of pneumonia that

develop in New York at this season of the year are the result of carelessness. One warm day will cause people to put on their summer clothing, and when chilliness comes with the evening they catch cold. It is cold caught in this way that brings on pneumonia."

## EXECUTOR DENIES THE BIGGAR STORY.

Bennett Estate Not Worth \$620,000, He Says, and a Settlement Cannot Be Made for Four Years.

ASBURY PARK, N. J., May 15.—John F. Hawkins, executor of the estate of the late Henry M. Bennett, denies the story of an alleged settlement between counsel representing Peter McNulty and R. M. Gulek and lawyers representing Laura Biggar, the actress.

Mr. Hawkins says that \$250,000, the sum which, according to the alleged agreement, the actress is to receive, is \$125,000 more than the entire estate is worth.

He says that under the conditions of the will she cannot get the money left her in less than four years, and in the event of her death it goes to her son.

According to the published story Gulek and McNulty are to pay Miss Biggar for the interest she has in the property occupied by the Elton Theatre in Pittsburgh. Mr. Hawkins says that he thinks it unlikely that these men would buy that which they surely could not get possession of in less than four years and might never obtain.

## GIRL TOOK POISON TABLETS BY ERROR.

Young Woman Will Probably Die as Result of Swallowing Mercury Compound.

Miss Louise Fuller, a beautiful young woman who lives at No. 114 Walton street, Williamsburg, is dying in the Eastern District Hospital from an overdose of mercury which she says she took by mistake. The doctors say there is slight hope for her recovery.

Miss Fuller came to the house several weeks ago. She said she worked in Brooklyn and complained several times that she was in poor health. She talked seldom to those in the house and seemed despondent at most times.

Others were awakened early to-day by her screams and running to her room found her in great agony. Dr. Brown came with an ambulance and took her to the hospital. She told the physicians there that she had intended to take some poison tablets, but in the dark had mistaken the boxes and swallowed six mercury tablets.

## SICK KIDNEYS ABHOR ALCOHOL.

Liquid Kidney Remedies Require Alcohol.

Use No Other Remedy But Kidney-Wort Tablets.

"All disease is simply irritation," said Sir Ashley Cooper.

Of the fourteen varieties of kidney disease all have irritation and inflammation in common, varying from simple derangement due to colds and overwork to chronic wasting away when alcohol is allowed to add to the excitement in the kidneys.

To deliberately take liquid kidney remedies containing a large percentage of alcohol as a cure for kidney inflammation is like pouring alcohol on a fire to put it out. In the form of Tablets the necessity for alcohol as preservative is done away with. Dr. Pettigill's Kidney-Wort Tablets have none of the drawbacks of liquid prepared kidney remedies. They are wholly vegetable and are entirely free from alcohol or any mineral drugs. They are especially recommended by physicians for young children with bladder weakness.

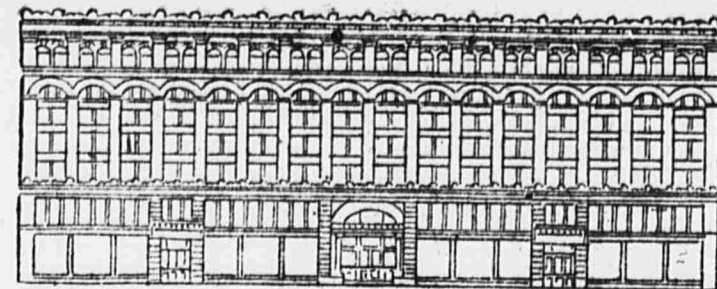

At the first threatening feeling of distress over the loins, persistent constipation, loss of strength, swelling of hands or feet, dizziness, deranged digestion, foul breath, high colored, scanty urine or painful urination, don't delay in stopping the irritation that is surely going on in the kidneys. Kidney-Wort Tablets are the only true specific. They allay the inflammation.

Are you experiencing any of the symptoms that mark the various forms of kidney disease? Are you sensible of a growing weakness, backache, fugitive and obscure pains in the lumbar region, drowsiness, emaciation, shortness of breath, dizzy feeling, disturbed sleep? Do you note brickdust deposit or mucous or milky discharges and gravel in your urine? Has your skin a dry and harsh feeling, burning at night? Have you unusual thirst and scanty flow of urine? Are you losing in weight and strength? Examine your urine. If you find sediment like brickdust or cloudiness you should realize the danger that threatens you. Kidney-Wort Tablets work promptly. But don't delay too long.

Dr. Koch's Sanitarium. Incorporated for the cure of Asthma, Bronchitis, Catarrh, Deafness, Stomach & Lung Trouble. FREE Examination Daily, 10 to 7; Sundays, 11 to 3. 119 W. 22d St.

A TIP—The way to reach the homes of New York is through the newspaper that the homes use to reach their help. That paper is The World.
